THE WORLD LEADER
IN **ROTARY ENGRAVING** SOLUTIONS

The Roland family of impact printers and rotary engravers offer proven solutions, including fixtures and software to personalize a wide range of trophies, gift items, name tags, jewelry, pet tags, key rings and more. With a Roland rotary engraver, creating standard way-finding signs is a snap, and the higher-end rotary engravers can even produce ADA compliant signage. They also offer unique features such as creating rhinestone templates for dazzling apparel decoration.

MPX-90 | Lasting Impact.

The MPX-90 is Roland's latest, most powerful impact printer ever, capable of printing on harder materials than any of our previous models. In addition to serving the kiosk, gift & jewelry markets, the MPX-90 is ideally suited for industrial marking applications including the production of serial number plates and data plates. With three times the force of the previous MPX model, the MPX-90 precisely imprints text, graphics and other data on hard surfaces including stainless steel, titanium, iron, nickel, gold, silver, copper, platinum, brass, aluminum, and acrylic.

MPX-90 **$4,995 US**

EGX-20 | Consistent engraving even on uneven surfaces.

The EGX-20 entry-level desktop device makes engraving easy. Active Surface Tracking ensures consistent, smooth engraving without scratches, even on irregular surfaces. Engrave just about any item, from name tags and medallions to awards and control panels.

EGX-20 **$2,995 US**

EGX-30A | An unbeatable value in 2D engraving.

Equipped with advanced features, the third generation EGX-30A is cost-effective for both in-house and retail engraving. The desktop device churns out a wide range of custom products such as custom badges, name tags, gifts and awards. Pair it with Roland R-WearStudio rhinestone design software to produce engraved templates for custom rhinestone-studded T-shirts and gifts.

EGX-30A **$3,995 US**

EGX-350 | Bringing your ideas to life.

Powered by a 20,000 rpm DC brushless motor, the EGX-350 desktop engraver quickly and easily produces a wide range of popular jobs with crisp text and clear graphics. Create flawless ADA and indoor signs, gifts and awards and custom rhinestone apparel.

EGX-350
$5,995 US

EGX-400/600 | Power, speed, and innovation built-in.

Power. Size. Speed. EGX-400/600 engravers have it all. They owe their amazing speed and quality to AC Servo motors and Feed Forward Processing (FFP) control. Servo motors generate plenty of torque for smooth, fast engraving; while FFP "look ahead" technology anticipates tool path for greater accuracy and energy efficiency. A perfect production tool for ADA signage, awards and promotional items.

EGX-400 $10,995 US
EGX-600 $13,995 US

Supercharge your projects with powerful engraving software.

Roland EGX engravers & MPX-90 come complete with easy-to-use software and step-by-step tutorials, all designed to help you get the most from your equipment. For more information, visit www.rolanddga.com/software
