

PENTATEX-R

Pigment inks for digital textile printing, designed for **Ricoh® GEN 5™** printheads

GENERAL FEATURES

- Wide colour gamut
- Good general fastness to washing, perspiration and rub resistance (see TDS)
- Full colours
- Excellent runnability
- Available in 5 kg drum
- Constant technical support from ink conversion to colour profile

APPLICATION FIELDS

PENTATEX-R is specially designed for printing on all **natural and synthetic fibers**. Ideal for small and various productions.

POLYMERIZATION

Recommended thermosetting: 1-3 minutes at a temperature of 150°C depending on the equipment used (calender, press, dynamic oven, etc.). This guarantees **maximum colour brightness and fastness**.

Code	Description
 DRH600297K5	PENTATEX-R YELLOW
 DRH600301K5	PENTATEX-R ORANGE
 DRH600397K5	PENTATEX-R MAGENTA
 DRH600404K5	PENTATEX-R BLUE
 DRH600497K5	PENTATEX-R CYAN
 DRH600701K5	PENTATEX-R SUPER BLACK
